

BCF Histology services - how to start

Dear users:

In order for us to accurately perform the histology service of your samples, please follow these steps:

1. Please fill in one of the forms below:

[HISTOLOGY FORM - PARAFFIN SECTIONS](#) or [HISTOLOGY FORM - CRYOSECTIONS](#)

If you have any questions, please contact Ximena via mail: vximena@technion.ac.il.

2. Subsequently, you will receive a histology service quote by email including sample processing time which depends upon number of samples and type of project. Samples will be accepted and processed only after the quote has been signed with budget number and sent to Yael Brihand via mail:

ybrihand@tx.technion.ac.il

3. Before bring your samples to BCF, label your samples with the following information:

- Primary researcher's last name
- User's name
- Sample identifier (up to 5 characters)

4. Please put your labeled samples into the designated cabinet at the BCF corridor.

Thank you

Ximena
